**2021/2022 ANNUAL NOTIFICATION**

2111 Mission Avenue, Oceanside, CA 92058, 760-966-4000, [www.oside.us](http://www.oside.us)

The Oceanside Unified School District is required to notify pupils, parents, and guardians annually, of their rights and responsibilities, pursuant to California Education Code (EC) 48980. As required by EC 48982, receipt of this notice will be acknowledged during the “Data Confirmation” process.

.....

Dear Students, Parents and Guardians,

State law requires the Oceanside Unified School District (OUSD) to provide annual notification to students, parents, and guardians of their rights and responsibilities pertaining to their child’s education. Please read this Annual Notification. The parent or guardian is required to acknowledge their receipt of this notice during the online Data Confirmation. Doing so is an acknowledgment that parents/guardians have been informed of their rights and does not indicate the parent’s or guardian’s consent for their child to participate or not participate in any particular program listed within the Annual Notification.

Some legislation requires additional notification to the parents or guardians during the school term prior to a specific activity. A separate letter or other notification will be sent to parents or guardians prior to any of these specified activities or classes, and the student will be excused whenever their parents or guardians file with the principal of the school, a statement in writing requesting that their child not participate. Other legislation grants certain rights that are to be included in this Annual Notification.

Oceanside Unified School District and its Board recognize that parent or guardian involvement in their child’s education promotes student achievement and contributes greatly to the student’s success. This Annual Notification contains information on the various ways parental involvement is both permitted and encouraged by federal and state laws, as well as OUSD’s policies.

OUSD commits to providing a quality education to all of its students in a safe and healthy environment. OUSD looks forward to a successful and positive school year, made possible by the dedicated efforts of its administrators, teachers, paraeducators, support staff, students, and parents or guardians.

If you have any questions, or if you would like to review specific documents mentioned in the notice, please contact an administrator at your child’s school. They will be able to give you more detailed information and assist you in obtaining copies of any materials you wish to review. This annual notification is also available in an electronic format or hard copy, which can be provided upon request.

Sincerely,

Jordy Sparks, Ed.L.D  
Director of Student Services

  - iv. During, or while going to or coming from, a school sponsored activity.
- t. A pupil who aides or abets, as defined in Section 31 of the Penal Code, the infliction or attempted infliction of physical injury to another person may be subject to suspension, but not expulsion, pursuant to this section, except that a pupil who has been adjudged by a juvenile court to have committed, as an aider and abettor, a crime of physical violence in which the victim suffered great bodily injury or serious bodily injury shall be subject to discipline pursuant to subdivision (a).
- u. As used in this section, “school property” includes, but is not limited to electronic files and databases.

- w. (1) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities. (2) It is further the intent of the Legislature that the Multi-Tiered System of Supports, which includes restorative justice practices, trauma-informed practices, social and emotional learning, and school-wide positive behavior interventions and support, may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community.

## **2. Expulsion**

A student may be recommended for expulsion for any of the reasons enumerated in Education Code section 48915, and pursuant to the expulsion procedures identified in Education Code sections 48918 and 48918.5.

**C. Sexual Harassment Policy - EC 231.5, 48980(g), 48900.2**

Oceanside Unified School District will not tolerate sexual harassment by anyone participating in any district program or activity. This includes student-to-student or peer sexual harassment as well as harassment between a student and any district participant. OUSD takes all complaints of sexual harassment seriously, investigates and addresses identified sexual harassment, and if the investigation results in the determination that sexual harassment has occurred, takes reasonable, immediate corrective action to stop the harassment, eliminate a hostile environment, and prevent future sexual harassment. Alleged pupil sexual harassment in violation of district policy or federal or state law will be handled pursuant to OUSD policy and procedures, which can be found online at [www.oside.us](http://www.oside.us). A pupil in grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined below.

California Education Code section 212.5 defines sexual harassment as any unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature made by someone from or in the work or educational setting, under any of the following conditions:

- a. Submission to the conduct is explicitly or implicitly made a term or a condition of an individual’s employment, academic status, or progress.
- b. Submission to, or rejection of, the conduct by the individual is used as the basis of employment or academic decisions affecting the individual.
- c. The conduct has the purpose or effect of having a negative impact upon the individual’s work or academic performance, or of creating an intimidating, hostile, or offensive work or educational environment.
- d. Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

**D. Hate Violence - EC 48900.3**

A pupil in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of hate violence, as defined in EC 233(e).

**E. Harassment, Intimidation or Threats - EC 48900.4**

A pupil enrolled in any of grades 4 to 12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating substantial disorder, and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment.

**F. Terroristic Threats Against School Officials, School Property or Both - EC 48900.7**

A pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials or school property, or both. A “terroristic threat” includes any statement, whether written or oral, by a person who willfully threatens to commit a crime which will result in death, great bodily injury to another person, or property damage in excess of one thousand dollars (\$1,000), with the specific intent that the statement is to be taken as a threat, even if there is no intent of actually carrying it out, which, on its face and under the circumstances in which it is made, is so unequivocal, unconditional, immediate, and specific as to convey to the person threatened, a gravity of purpose and an immediate prospect of execution of the threat, and thereby causes that person reasonably to be in sustained fear for their own or their immediate family’s safety, or for the protection of school district property, or the personal property of the person threatened or their immediate family.

**G. Suspension/Expulsion: Alternative and Other Means of Correction - EC 48900, 48900.5, 48911**

Generally, suspension shall be imposed only when other means of correction fail to bring about proper conduct. OUSD may document other means of correction short of suspension and expulsion and place the documentation in the pupil’s record. Other means of correction may include: a conference between school personnel, the pupil’s parent or guardian and the pupil; referrals to the school counselor or psychologist; study teams, guidance teams or other intervention-related teams that assess behavior, and develop and implement behavior plans; referral for psycho-educational assessment; after-school programs that address specific behavioral issues; and community service on school grounds during non-school hours. A pupil may be suspended, for any of the reasons enumerated in Section 48900 upon a first offense, if the principal or superintendent of schools determines that the pupil violated subdivision (a), (b), (c), (d), or (e) of Section 48900 or that the pupil’s presence causes a danger to persons. A suspension shall be preceded by an informal conference between the principal, the principal’s designee or the district’s superintendent of schools and the pupil, and whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At this conference, the pupil shall be informed of the reason for the disciplinary action and other means of correction that were attempted before the suspension.

## **RIGHTS AND OPTIONS AVAILABLE TO PREGNANT AND PARENTING PUPILS - EC 46015**

A pregnant or parenting pupil is defined as any pupil who gives or expects to give birth, or any parenting pupil who identifies as the parent of an infant. Pregnant and parenting pupils are entitled to at least eight weeks of parental leave, which can be taken before the birth of the pupil's infant if there is a medical necessity, or after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction. The pupil is neither required to take time off nor notify their school that they are doing so; this is a guaranteed minimum right that can be expanded if deemed medically necessary. Parental leave will be considered an excused absence, and the pregnant or parenting pupil is not required to complete any academic work during this period.

A pregnant or parenting pupil may return to their previous school and course of study, and is entitled to make up opportunities for any work missed during the leave. These students are allowed to enroll in a fifth year of high school in order to complete any state or local graduation requirements, except when the school finds that the pupil is reasonably able to complete these requirements in time to graduate high school by the end of their fourth year.

A pregnant or parenting pupil who does not wish to reenroll in their previous school is entitled to alternative education options offered by the local education agency. If so enrolled, the pupil shall be given educational programs, activities, and courses equal to those they would have been in if participating in the regular program. Furthermore, a school may not penalize a student for using any of the accommodations mentioned above.

If a student believes that their school is discriminating on the basis of sex in opposition to the rights and entitlements listed above, that student can file a complaint through the standard Uniform Complaint Procedures of *California Code of Regulations*, Title 5 Sections 4600, et. seq.

## **CALIFORNIA HEALTHY YOUTH ACT - EC 51934, 51938**

Students enrolled in OUSD programs or activities may receive instruction in personal health and public safety, which may include accident prevention, first aid, fire prevention, conservation of resources, and health education including comprehensive sexual health education and HIV prevention.

Oceanside Unified School District plans to provide comprehensive sexual health education and/or HIV prevention education during the 2021-2022 school year. A pupil's parent or guardian may submit a written request to excuse the pupil from participation in any class involving comprehensive sexual education or HIV prevention education by submitting their request in writing to OUSD.

Oceanside Unified School District may administer for pupils in grades 7 to 12 inclusive, anonymous, voluntary, and confidential research and evaluation tools to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about the pupil's attitudes concerning or practices relating to sex. A parent or guardian may excuse their child from the test, questionnaire, or survey by opting out of their student's participation in the tests, questionnaires or surveys. An opt-out form is provided within these notifications. Parents or guardians have a right to review the test, questionnaire, or survey if they wish.

The excused pupil shall not be subject to disciplinary action, academic penalty, or other sanction if the pupil's parent or guardian declines to permit the pupil to receive comprehensive sexual health education or HIV prevention education or to participate in anonymous, voluntary, and confidential tests, questionnaires, or surveys on pupil health behaviors and risks.

While comprehensive sexual health education, HIV prevention education, or anonymous, voluntary, and confidential test, questionnaire, or survey on pupil health behaviors and risks is being administered, an alternative educational activity shall be made available to pupils whose parents or guardians have requested that they not receive the instruction or participate in the test, questionnaire, or survey. The federal National School Lunch Program and the federal School Breakfast Program ensure that pupils whose parents or guardians have unpaid school meal fees are not shamed, treated differently, or served a meal different from the pupil's choice because of the fact that the pupil's parent or

guardian has unpaid meal fees. Meal program details are provided at the pupil's school site. All parents and guardians receive a letter with the application form upon enrollment. To apply for free or reduced-price meals, households must fill out the application and return it to the school or apply online at [www.oside.us](http://www.oside.us) (Departments -> Nutrition Services). ### **IMMUNIZATION AND COMMUNICABLE DISEASES - EC 48216, 49403**

Oceanside Unified School District shall follow all laws, rules, and regulations regarding immunizations required for students to enroll. OUSD shall not admit any student until the student is properly immunized as required by law. If there is good cause to believe a student has been exposed to a disease and their proof of immunization does not show proof of immunization against that disease, OUSD may temporarily exclude the child from school until the local health officer is satisfied that the child is no longer at risk of developing or transmitting the disease.

If the parent or guardian files with the governing authority a written statement by a licensed physician to the effect that the physical condition of the child is such, or medical circumstances relating to the child are such, that immunization is not considered safe, indicating the specific nature and probable duration of the medical condition or circumstances, including, but not limited to, family medical history, for which the physician does not recommend immunization, that child shall be exempt from the immunization requirements.

Effective January 1, 2016: The California Legislature eliminated the exemption from specified immunization requirements based upon personal beliefs. A pupil who, prior to January 1, 2016, submitted a letter or affidavit on file with Oceanside Unified School District stating beliefs opposed to immunization shall be allowed enrollment to any district school until the pupil enrolls in the next grade span. Grade span means (1) from birth to preschool; (2) Kindergarten and grades 1 to 6, inclusive, including transitional kindergarten; and (3) grades 7 to 12 inclusive.

### **MEDICAL AND HOSPITAL SERVICES FOR PUPILS - EC 49471, 49472**

Oceanside Unified School District does not provide medical or hospital services through non-profit membership corporations or insurance policies for pupil injuries arising out of school-related activities. ### **PHYSICAL EXAMINATION; PARENT REFUSAL TO CONSENT - EC 49451**

A parent or guardian may, by written statement filed annually, refuse to consent to the physical examination, including the vision and hearing screening, of their child; however, a child may be sent home if, for good reasons, the child is believed to be suffering from a recognized contagious or infectious disease. Schoolchildren are examined for vision and hearing at selected grade levels. A printable opt-out form is available at [www.oside.us](http://www.oside.us), "Families & Community", "Family Resources".

#### **Vision and hearing screenings may take place around January.**

Education Code section 49455 requires a pupil's vision to be appraised by the school nurse or other authorized person during kindergarten or upon first enrollment or entry in a California school district of a pupil at an elementary school, and in grades 2, 5, and 8, unless a pupil's first entry or enrollment occurs in grade 4 or 7.

**CHILD HEALTH AND DISABILITIES PREVENTION PROGRAM - HSC 124085, 124105**

Parents may inquire in the school office about free health screenings for low-income children provided under the Child Health and Disabilities Prevention Program.

**FOSTER YOUTH BILL OF RIGHTS - EC 48853; 48853.5; 49069.5; 51225.1; 51225.2**

"Pupil in foster care" means a child who has been removed from their home pursuant to Section 309 of the Welfare and Institutions Code ("WIC"), is the subject of a petition filed under Section 300 or 602 of the WIC, or has been removed from their home and is the subject of a petition filed under WIC section 300 or 602.

A pupil in foster care who is placed in a licensed children's institution or foster family home shall attend programs operated by the local educational agency (LEA) in which that licensed children's institution or foster family home is located, unless one of the following applies:

1. The pupil is entitled to remain in their school of origin;
2. The pupil has an individualized education program requiring placement in a nonpublic, nonsectarian school, or in another local educational agency.
3. The parent or guardian, or other person holding the right to make educational decisions for the pupil pursuant to Section 361 or 726 of the WIC or Section 56055 ("educational rights holder"), determines that it is in the best interests of the pupil to be placed in another educational program and has submitted a written statement to the LEA that they have made that determination. This statement shall include a declaration that the parent, guardian, or educational rights holder is aware of all of the following:
  - a. The pupil has a right to attend a regular public school in the least restrictive environment.
  - b. The alternate education program is a special education program, if applicable.
  - c. The decision to unilaterally remove the pupil from the regular public school and to place the pupil in an alternate education program may not be financed by the local educational agency.
  - d. Any attempt to seek reimbursement for the alternate education program may be at the expense of the parent, guardian, or educational rights holder.

The parent or guardian, or educational rights holder shall first consider placement in the regular public school before deciding to place the pupil in foster care in a juvenile court school, a community school, or another alternative educational setting.

A pupil in foster care may still be subject to expulsion under applicable law and board policy.

Pupils in foster care are subject to other laws governing the educational placement in a juvenile court school, of a pupil detained in a county juvenile hall, or committed to a county juvenile ranch, camp, forestry camp, or regional facility, notwithstanding the rights contained in this notice.

Children in foster care living in emergency shelters (as referenced in the federal McKinney-Vento Homeless Assistance Act (42 U.S.C. Sec. 11301, et seq.)), may receive educational services at the emergency shelter as necessary for short periods of time for either of the following reasons:

1. For health and safety emergencies.
2. To provide temporary, special, and supplementary services to meet the child's unique needs if a decision regarding whether it is in the child's best interests to attend the school of origin cannot be made promptly, it is not practical to transport the child to the school of origin, and the child would otherwise not receive educational services.

The educational services may be provided at the shelter pending a determination by the educational rights holder regarding the educational placement of the child.

All educational and school placement decisions shall be made to ensure that the child is placed in the least restrictive educational programs and has access to academic resources, services, and extracurricular and enrichment activities that are available to all pupils. In all instances, educational and school placement decisions shall be based on the best interests of the child.

Oceanside Unified School District has designated Myeshia Whigham, Coordinator, Student Services, as the educational liaison for pupils in foster care. The role of educational liaison is advisory with respect to placement decisions and determination of school of origin and does not supersede the role of the parent or guardian retaining educational rights, a responsible adult appointed by the court, a surrogate parent or a foster parent exercising their legal rights with respect to the education of the child in foster care. The educational liaison serves the following roles:

1. Ensures and facilitates proper educational placement, enrollment in school, and checkout from school for children in foster care;
2. Assists children in foster care when transferring from one school to another school or from one school district to another school district in ensuring proper transfer of credits, records and grades;
3. When designated by the Superintendent, notifies the attorney of a child in foster care and the child welfare agency representative(s) of pending disciplinary proceedings and pending manifestation determination proceedings if they are also eligible to receive special education and related services under the IDEA.

At the initial detention or placement by the Juvenile Court, or any subsequent change in placement of a child in foster care by the court, the LEA serving the child shall allow them to continue their education in the school of origin for the duration of the jurisdiction of the court. If the jurisdiction of the court is terminated prior to the end of the academic year:

1. Children formerly in foster care, in grades kindergarten, or 1 to 8, inclusive, shall be allowed to continue their education in the school of origin through the duration of the academic year;
2. Children formerly in foster care in high school shall be allowed to continue their education in the school of origin through graduation;
3. Transportation is not required unless the child formerly in foster care has an IEP and the IEP team determines transportation is a necessary related service, required by the unique educational needs of the pupil in order to benefit from their special education program. Transportation may be provided at the local educational agency's discretion. The rights of these youth do not supersede any other law governing special education for eligible children in foster care.
4. To ensure that children in foster care have the benefit of matriculating with their peers in accordance with the established feeder patterns of school districts, if a child in foster care is transitioning between school grade levels, they shall be allowed to continue in the school district of origin in the same attendance area, or, if they are transitioning to a middle school or high school, and the school designated for matriculation is in another school district, to the school designated for matriculation in that school district.

In consultation with the child in foster care and educational rights holder, the educational liaison may recommend that they waive their right to attend the school of origin and enroll in a public school within their attendance area. The educational liaison's recommendation must be accompanied by a written explanation for the basis of the recommendation and how it serves the child in foster care's best interests.

1. If the educational liaison, child in foster care, and educational rights holder agree it is in the best interest of the child to waive their right to attend the school of origin and attend the recommended school, the child in foster care shall immediately be enrolled within the recommended school.
2. The recommended school shall immediately enroll the child in foster care regardless of any outstanding fees, fines, textbooks, or moneys due to any previous schools of attendance or if the child in foster care is unable to produce clothing or records normally required for enrollment, such as previous academic records, medical records, including proof of immunization, proof of residency, or other documentation.
3. Within two business days of the request for enrollment, the educational liaison for the new school shall contact the school last attended by the child in foster care to obtain all academic and other records. The last school attended by the child in foster care shall provide all required records to the new school regardless of any outstanding fees, fines,

textbooks, or other items or moneys owed to the school last attended. The educational liaison for the school last attended shall provide a complete copy of their education record to the new school within two business days of receiving the request.

If any dispute arises as to the school placement of a pupil under this section, the pupil has the right to remain in their school of origin, pending resolution of the dispute.

“School of origin” means the school that the child in foster care attended when permanently housed or the school in which the child in foster care was last enrolled. If the school the child in foster care attended when permanently housed is different from the school in which they were last enrolled, or if there is some other school that they attended with which they are connected and that they attended within the immediately preceding 15 months, the educational liaison, in consultation with, and with the agreement of the child and the educational rights holder, shall determine, in the best interests of the child, the school that shall be deemed the school of origin.

If the child in foster care is absent from school due to a decision by a court or placing agency to change their placement, the grades and credits of the child in foster care will be calculated as of the date they left school and no lowering of grades will occur as a result of the absence of the child under these circumstances. If the child in foster care is absent from school due to a verified court appearance or related court ordered activity, no lowering of their grades will occur as a result of the absence of the pupil under these circumstances.

A child in foster care or a pupil who is a homeless youth who transfers between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the LEA that are in addition to the statewide coursework requirements, unless the LEA makes a finding that they are reasonably able to complete the LEA’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child’s transfer into a school, the LEA should determine whether a child in foster care or a pupil who is a homeless youth is reasonably able to complete the LEA’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the LEA’s graduation requirements within a fifth year of high school, the LEA shall do all of the following:

1. Inform the pupil of their option to remain in school for a fifth year to complete the LEA’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the LEA’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.

4. Permit the pupil to stay in school for a fifth year to complete the LEA's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

If the LEA fails to provide timely notice of the exemption, the pupil shall be eligible for the exemption, once notified, even if that notification occurs after the termination of the court's jurisdiction of the pupil or after the pupil is no longer considered homeless.

If a child in foster care or a pupil who is a homeless youth is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or LEA shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall they be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child in foster care or a pupil who is a homeless youth is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, the LEA shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after termination of the court's jurisdiction or after the pupil is no longer considered homeless.

A transfer shall not be requested solely to qualify for an exemption under this section.

The LEA shall accept coursework satisfactorily completed by a child in foster care or a pupil who is a homeless youth while attending another public school, a juvenile court school, or a nonpublic, nonsectarian school even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The LEA may not require a child in foster care or pupil who is a homeless youth to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school. If the pupil did not complete the entire course, the LEA may not require the pupil to retake the portion of the course the pupil completed unless the LEA, in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child in foster care or pupil who is a homeless youth shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the LEA under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the LEA shall provide a remedy to the affected pupil.

**CHILDREN OF MILITARY FAMILIES AND OTHER PROTECTED PUPILS - EC  
49701, 51225.1, 51225.2**

A pupil who is a “child of a military family” is defined as school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member. “Active duty” means full-time status in the active uniformed service of the United States, including a member of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211.

Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency (LEA) that are in addition to the statewide coursework requirements, unless the LEA makes a finding that the child of a military family is reasonably able to complete the LEA’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the LEA should determine whether the child of a military family is reasonably able to complete the LEA’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the LEA’s graduation requirements within a fifth year of high school, the LEA shall do all of the following:

1. Inform the pupil of the option to remain in school for a fifth year to complete the LEA’s graduation requirements.
2. Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the LEA’s graduation requirements will affect the pupil’s ability to gain admission to a postsecondary educational institution.
3. Provide information to the pupil about transfer opportunities available through the California Community Colleges.
4. Permit the pupil to stay in school for a fifth year to complete the LEA’s graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil’s parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of “a child of a military family.”

If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of their fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or LEA shall not require or request that the pupil graduate before the end of their fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of “a child of a military family” while the pupil is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The LEA shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The LEA may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the LEA may not require the pupil to retake the portion of the course the pupil completed unless the LEA, in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the LEA under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations.

A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal.

If a LEA finds merit in a complaint, or the Superintendent finds merit in an appeal, the LEA shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a).

### **NOTICE OF ALTERNATIVE SCHOOLS - EC 58501**

"California State law authorizes all school districts to provide for alternative schools. The Education Code defines alternative school as a school or separate class group within a school, which is operated in a manner designed to:

- Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- Recognize that the best learning takes place when the student learns because of their desire to learn.
- Maintain a learning situation maximizing student self-motivation and encouraging the student in their own time to follow their own interests. These interests may result in whole or in part from a presentation by the student's teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the *County Superintendent of Schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information.* This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.”

A copy of the notice shall also be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

## **STATEMENT OF NON-DISCRIMINATION**

Discrimination in education programs is prohibited by state and federal law. Education Code section 200, et seq. requires school districts to afford all pupils regardless of gender, gender identity, gender expression, sex, race, color, religion, natural origin, immigration status, ethnic group identification, mental or physical disability, sexual orientation, or the perception of one or more of such characteristics, equal rights and opportunities in accessing educational programs, activities, and facilities.

Title VI of the Civil Rights Act of 1964 prohibits discrimination on the basis of race, color, and national origin. Title IX prohibits discrimination on the basis of sex. The Americans with Disabilities Act and Section 504 of the Rehabilitation Act of 1973 prohibit discrimination on the basis of disability. Also, pursuant to EC 212.1, “race” is inclusive of traits historically associated with race, including, but not limited to, protective hairstyles and textures.

Oceanside Unified School District will take the required steps to ensure that the lack of English will not be a barrier to admission and participation in district programs. This policy applies to all students insofar as participation in programs and activities is concerned, with few exceptions such as contact sports. In accordance with federal law, complaints alleging non-compliance with this policy are investigated through the Uniform Complaint Process.

### FAQs: RIGHTS AND OPTIONS AVAILABLE TO PREGNANT/PARENTING PUPILS

Assembly Bill (AB) 2289 states that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children by establishing specified rights. The law is effective as of January 2019.

#### **Can my school treat me differently because of my pregnancy or parental status?**

No, Title IX of the United States Code prohibits discrimination based on sex, which includes both pregnancy and parental status.

#### **Can my school prevent me from participating in any educational program or activity?**

No, a school may not exclude or deny a pregnant or parenting pupil from any educational program or activity, including class or extracurricular activity, based solely on the pupil's pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery. However, a school may require a pupil to obtain a doctor's note to ensure that they are emotionally and/or physically able to continue participation in the educational program.

#### **Can my school force me to take part in a pregnant minor program?**

No, a pregnant or parenting pupil does not have to participate in any alternative educational program because of pregnancy or parental status. A student may voluntarily take part in these programs if they choose.

#### **Am I entitled to any parental leave in preparation or to take care of my newborn child?**

Yes, any pregnant or parenting pupil is entitled to a minimum of eight weeks of parental leave, which may be increased under medical necessity. A pupil is not required to complete any class work during this period, and it must be counted as an excused absence by the school.

#### **What if my child is sick?**

Taking care of a sick child counts as an excused absence, and the school may not require you to provide a doctor's note for this kind of absence.

#### **What happens when I return to school?**

A pregnant or parenting pupil will return to their normal course of study. The pupil is entitled to opportunities to make up any missed work from parental leave. This includes being able to stay for a fifth year of school to complete graduation requirements. The pupil may also enroll in an alternative educational program provided it is equal to that of their former schoolwork.

#### **Do these rights only apply to pregnant pupils?**

No, these rights apply equally to all pregnant and parenting pupils, defined as any student who gives or expects to give birth, or any student who identifies as a parent of an infant. A pupil may file a uniform complaint if their school violates the rules above.

# LETTER TO PARENTS REGARDING INTERNET SAFETY FOR STUDENTS

## Oceanside Unified School District

### Internet Safety

Dear Parents/Guardians:

The Oceanside Unified School District prides itself on providing a safe learning environment for its students. An emerging national concern is the inappropriate use of the Internet by students. This problem has the potential to be harmful, and we ask your support in assisting us with this challenge.

Across the nation, schools have seen an increase in negative student behavior as a result of messages written using electronic technology, posted to popular social media websites. Many of the social media websites contain instant messaging components that allow students to chat with other students and post statements that ordinarily would not be said in a face-to-face conversation.

Unfortunately, some of these websites are being used by child predators, “cyber bullies,” and con artists. Unfortunately, some students use the sites to participate in online bullying or to threaten harm to other students. The so-called “cyber bullies,” mostly children between the ages of 9 and 14, use the anonymity of the web to hurt others without witnessing the consequences. Students who are bullied online sometimes do not report these occurrences for fear that they will be barred from using the Internet.

Outside of our schools, there have been instances of adults posing as youths and gaining access to student chat rooms. In some cases, these contacts have led to tragedy. Some unsuspecting students post enough personal information that predators are able to locate students’ home or school addresses, thereby becoming easy targets for predators.

The Oceanside Unified School District has blocked the use of these social networking sites from our school computers. We will continue to block objectionable material as we deem appropriate. Parents should be aware of what their children are writing on the Internet and what others are posting in reply. These social networking websites are public domain, and some of the contents posted there can be seen by anyone who has Internet access. If you choose to do so, you may investigate the sites by personally logging on to the sites. The services are free, and users may register using an e-mail address. Once you have registered, you can search by name and e-mail address to see if your child is registered. You can narrow the search result by entering the name of your city. You will be able to view the kinds of personal information, messages, diaries, and photographs that students post to this website.

We encourage you to talk to your child about the potential danger of the Internet. Ask if they have an account on any social media website. If your child is using such a site with your permission, you may want to review their profile to ensure that no personal and identifiable information has been posted. We also encourage you to establish rules and guidelines to

ensure the safety of your child while on the Internet. Some websites offer parental or family guidance for Internet safety, for example:

[www.connectsafely.org](http://www.connectsafely.org).

[www.webwisekids.org](http://www.webwisekids.org)

The Oceanside Unified School District will continue to provide Internet security within our schools. It is important that parents also monitor Internet use at home.

Thank you for your support and cooperation in keeping our students safe. If you have any questions or would like more information, please feel free to contact Gregory Moon, Chief Technology Officer (gregory.moon@oside.us).

Sincerely,

**OCEANSIDE UNIFIED SCHOOL DISTRICT**  
**2021-2022 CONCUSSION INFORMATION SHEET**

*(Applicable only for the Current School Year)*

*Printable forms are available at [www.oside.us](http://www.oside.us), "Families & Community", "Family Resources".*

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death, if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without the loss of consciousness. Signs and symptoms of a concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of a concussion yourself, seek medical attention right away.

Signs and symptoms of a concussion may include one or more of the following:

|                                  |                                       |
|----------------------------------|---------------------------------------|
| Headaches                        | Amnesia                               |
| Pressure in the head             | Slurred speech                        |
| Nausea and vomiting              | Fatigue or low energy                 |
| Neck pain                        | Loss of consciousness                 |
| Balance problems or dizziness    | Nervousness or anxiety                |
| Blurred, double, or fuzzy vision | Irritability                          |
| Sensitivity to light or noise    | Ringing in the ears                   |
| Feeling sluggish or slow         | Confusion                             |
| Feeling foggy or groggy          | Concentration or memory problems      |
| Drowsiness                       | Change in sleep pattern               |
| Sadness/more emotional           | Repeating the same comment/question   |
| Seizures/convulsions             | Shows behavior or personality changes |

**What can happen if my child keeps on playing with a concussion or returns to school?**

Athletes with the signs and symptoms of a concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even the severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athletes will often under-report symptoms of injuries. Concussions are no different. As a result, education of administrators, coaches, parents, and students is the key for student/athlete safety.

**If you think your child has suffered a concussion**

Pursuant to Education Code section 49475, any athlete even suspected of suffering a concussion shall be immediately removed from the athletic activity for the remainder of the day. No athlete

may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance from a licensed health care provider. If the licensed health care provider determines that the athlete sustained a concussion or a head injury, the athlete shall also complete a graduated return-to-play protocol of no less than seven days in duration under the supervision of a licensed health care provider.

You should also inform your child’s coach if you think that your child may have a concussion. Remember it is better to miss one game than miss the whole season. **“When in doubt, the athlete sits out.”**

*(Applicable only for the Current School Year)*

*Printable forms are available at [www.oside.us](http://www.oside.us), “Families & Community”, “Family Resources”.*

Sudden Cardiac Arrest (SCA) is a life-threatening emergency that occurs when the heart suddenly stops beating. It strikes people of all ages – including children and teens – and can lead to death in minutes if the individual does not get help immediately. **Survival depends on people nearby calling 911, starting CPR<sup>1</sup>, and using an available AED<sup>2</sup> as soon as possible.**

SCA is not the same as a heart attack. Here are some key differences:

**SCA VICTIM:**

Unresponsive  
Not breathing normally  
Needs CPR/AED

**HEART ATTACK VICTIM:**

Responsive  
Breathing  
Does not need CPR/AED

Recognizing SCA as it occurs is imperative to survival; it is the third leading cause of death in the United States. It affects 1,000 people every day, and currently, only 1 in 10 survive. However, the administration of CPR and AED from bystanders can improve the survival rate to 5 in 10.

**2021-2022 ORAL HEALTH NOTIFICATION LETTER**  
*(to accompany Oral Health Assessment/Waiver Request Form)*

Dear Parent or Guardian:

To make sure your child is ready for school, California law, Education Code section 49452.8, now requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is the student's first year in public school. Assessments that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment must be done by a licensed dentist or other licensed or registered dental health professional.

Take the attached Oral Health Assessment/Waiver Request form to the dental office, as it will be needed for your child's check-up. If you cannot take your child for this required assessment, please indicate the reason for this in Section 3 of the form. You can get more copies of the necessary form at your child's school or online from the California Department of Education's Web site at <http://www.cde.ca.gov/ls/he/hn/>. California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

1. Medi-Cal/Denti-Cal's toll-free number or Web site can help you to find a dentist who takes Denti-Cal: 1-800-322-6384; <http://www.denti-cal.ca.gov>. For help enrolling your child in Medi-Cal/Denti-Cal, contact your local social service agency at: [www.dhcs.ca.gov](http://www.dhcs.ca.gov).
2. Healthy Families' toll-free number or Web site can help you to find a dentist who takes Healthy Families insurance or to find out if your child can enroll in the program: 1-800-880-5305 or <http://www.benefitscal.com/>.
3. For additional resources that may be helpful, contact your local public health care department or Dental Health Initiative – San Diego at 619-692-8858.

Remember, your child is not healthy and ready for school if your child has poor dental health! Here is important advice to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child's diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The less candy and sweet drinks, the better!

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child's progress and success in school, including health. Children must be healthy to learn, and children with cavities are not healthy. Cavities are preventable, but they affect more children than any other chronic disease.

If you have questions about the new oral health assessment requirement, please contact Dr. Jordy Sparks, Director of Student Services ([jordy.sparks@oside.us](mailto:jordy.sparks@oside.us)).

Sincerely,

Jordy Sparks, Ed.L.D.

## OCEANSIDE UNIFIED SCHOOL DISTRICT COVID-19 INFORMATION SHEET

Updated June 16, 2020

COVID-19, also known as the novel coronavirus, is a respiratory illness that is thought to spread mainly through close contact from person to person. We are still learning about how the virus spreads and the severity of illness it causes.

### **Person-to-person spread**

#### **The virus is thought to spread mainly from person-to-person:**

- Between people who are in close contact with one another (within about 6 feet).
- Through respiratory droplets produced when an infected person coughs, sneezes, or talks.
- These droplets can land in the mouths or noses of people who are nearby or possibly be inhaled into the lungs.
- COVID-19 may be spread by people who are not showing symptoms.

#### **The virus spreads easily between people.**

How easily a virus spreads from person-to-person can vary. Some viruses are highly contagious, like measles, while other viruses do not spread as easily. Another factor is whether the spread is sustained, which means it goes from person-to-person without stopping.

The virus that causes COVID-19 is spreading very easily and sustainably between people. Information from the ongoing COVID-19 pandemic suggests that this virus is spreading more efficiently than influenza, but not as efficiently as measles, which is highly contagious. In general, **the more closely a person interacts with others and the longer that interaction, the higher the risk of COVID-19 spread.**

#### **The virus may be spread in other ways.**

It may be possible that a person can get COVID-19 by touching a surface or object that has the virus on it and then touching their own mouth, nose, or possibly their eyes. This is not thought to be the main way the virus spreads, but we are still learning more about how this virus spreads.

Recognizing that those infected with COVID-19 may have mild to severe symptoms, it is important for the Oceanside Unified School District community to take precautions to mitigate the spread of COVID-19. The best community practices for defense against the virus are washing hands frequently, avoiding touching the face, avoiding being around sick people, and physical distancing.

**Definition of close contact per the Center for Disease Control (CDC):** Someone who was within 6 feet of an infected person for at least 15 minutes starting from 2 days before illness onset (or, for asymptomatic patients, 2 days prior to specimen collection) until the time the patient is isolated.

Parents and guardians should adhere to the following recommendations to protect the health of their student and others in the community.

### **Keep your student home if your student is sick**

If your student has a fever, cough, shortness of breath, chills, muscle pain, headache, sore throat, or loss of taste or smell, your student should self-isolate and seek medical advice to determine if it's necessary to be tested for COVID-19.

### **Establish plan if your student must be picked up from school**

In the event your student begins to display symptoms of COVID-19 while at school, the student may need to be placed in an adult-supervised isolation room until picked up by an authorized adult. Please ensure that the emergency contacts for your student are updated with the appropriate individuals permitted to pick up your student, if sick.

### **Daily symptom check**

Parents and guardians should ask themselves the following questions and perform a check of symptoms (based on current [CDC symptoms](#)) daily, before bringing their student to school:

- Does your student have any of the following symptoms:
  - Cough
  - Shortness of breath or difficulty breathing
  - A fever of 100 or higher (per local public health guidance) or a sense of having a fever
  - Sore throat
  - Chills
  - New loss of taste or smell
  - Muscle or body aches
  - Nausea/vomiting/diarrhea
  - Congestion/running nose not related to seasonal allergies
  - Unusual fatigue
- Does anyone in your household have any of the above symptoms?
- Has your student been in close contact with anyone suspected of having, or diagnosed with, a confirmed case of COVID-19?
- Has your student had any medication to reduce a fever before coming to school?

If the answer to any of the above questions is “yes”, the student cannot attend in-person classes and the school should be notified. Please note that a representative from your student’s school will likely perform a similar symptom check before allowing your student to attend class.

If you have questions regarding COVID-19, its symptoms, or how to treat the illness, please contact Sandra Wort, RN ([sandra.wort@oside.us](mailto:sandra.wort@oside.us)).
