## ANNUAL BUDGET CYCLE

## State Budget and Economy

## State Budget and Economy

Governor Newsom, in his May Revision, highlights the volatile nature of Calfornia state revenues due to its progressive tax system

A near 20\% decline in the S\&P 500 has impacted high income earners, which the state relies on for over nearly half its total revenue

State revenues have softened since the Governor's Budget proposal in January that has increased the state's budget deficit from $\$ 22.5$ billion to $\$ 31.5$ billion

Postponement of personal income tax (PIT) and corporation tax returns until October means an estimated $\$ 42$ billion are not due to come until fall

Interest rate hikes, persistent inflation, bank failures, and the debt ceiling fight in Washington D.C. all have the potential to add risk to the May Revision's projected revenue picture

## Governor’s Budget vs. May Revision

UNIFIED - SCHOOL•DISTRICT

## Proposition 98 Minimum Guarantee-January to May

- While the share of the minimum guarantee that comes from state General Fund revenues has decreased, local property taxes have steadily increased
- This buoys the minimum guarantee in Test 1

2021-22
\$110,41

2022-23

## 2023-24 LCFF Funding Factors

Base grants are provided by grade span: K-3, 4-6, 7-8, and 9-12

The May Revision increases
LCFF base grants by the 8.22\% statutory COLAan increase in funding per student, NOT total funding

Two grade span adjustments
(GSAs) are applied as percentage increases to the base grants

- K-3-10.4\%
- 9-12-2.6\%

## Supplemental and concentration grants are calculated based on the percentage-unduplicated pupil' percentage (UPP)—of enrolled students
